Your City of Louisville Residential Utility Bill

A quick guide to understanding monthly charges

The 'Billing Period' is **not** the period when water was used or trash was collected. Check the 'Previous' and 'Current' date columns for the period of water use. Trash is billed a month in arrears of the start of the billing period.

The address where water was used and trash was collected.

The period in which you receive your current bill.

City of Louisville

749 MAIN ST

Period of water use.

Usage cost on	5 x	0.000000	=	0.00
Usage cost on	15 x	5.470000	=	82.05
Usage cost on	10 x	13.620000	=	136.20
Usage cost on	1 x	14.710000	=	14.71
Base Fee:		18.99		

See next page for calculation of water charges.

CURRENT CHARGES 307.94
TOTAL AMOUNT DUE 307.94

Fees

The City Council adopts a fee schedule annually, which typically comes into effect with the June bill.

HW Hazardous Waste – Flat monthly fee for each residence.

SM Sewer Monthly Billing Charge – Flat monthly fee for each residence.

SR Sewer Monthly Readiness To Serve – Flat monthly fee for each residence.

ST Storm Water - Res – Flat monthly fee for single family residences. Rates may vary for multi-family accounts.

SW Avg Use – Sewer Winter Average Use is a monthly fee determined by multiplying a flat fee by the average winter water use (December through February).

TR Trash Service – Flat monthly fee determined by size of trash cart. Compost and recycling are included in this charge. You may upgrade your compost and recycling cart size for no additional charge.The Trash Service is billed one month in arrears.

WT inside residential – Monthly fee that varies depending on use between meter readings (see next page). 'Inside' refers to being inside the Louisville city limits.

Calculating water use

The charges for water are based on use (inside and outside). The City takes two meter readings per cycle to calculate your water use and charges.

Start date of water use for this bill

End date of water use for this bill

Use in kilogallons (Difference between 1st & 2nd readings)

1 kgal = 1000 gallons

Service Code & Description	Previous Date	Previous Reading	Current Date	Current Reading	Mult	Usage	Year Ago	Charge
WT Inside Residential	08/02	836	09/03	867	KGAL	31	16	251.95

1st reading (in kgal)

2nd reading (in kgal)

Use (in kgal) during the same billing period a year ago

Calculating water use charges

```
WT Inside Residential     08/02        836 09/03
   Usage cost on    5 x    0.000000   =       0.00
   Usage cost on   15 x    5.470000   =      82.05
   Usage cost on   10 x   13.620000   =     136.20
   Usage cost on    1 x   14.710000   =      14.71
    Base Fee:       18.99
```

Cost per kgal for kgal 6 - 20
Cost per kgal for kgal 21 - 30
Cost per kgal for kgal 31 - 40

Cost per kgal

Charge in dollars

```
WT Inside Residential     08/02        836 09/03        867 KGAL          31          16      251.95
   Usage cost on    5 x    0.000000   =       0.00
   Usage cost on   15 x    5.470000   =      82.05
   Usage cost on   10 x   13.620000   =     136.20
   Usage cost on    1 x   14.710000   =      14.71
    Base Fee:       18.99
```

Minimum charge (0-5 kgal)

Total charge in dollars
