

2023 Disaster Education & Outreach Series

Community Wildfire Protection Plan

January 30, 6-8 PM

Louisville Recreation & Senior Center
(900 W Via Appia Way, Louisville, CO)
and remote via Zoom

Learn about Community Wildfire Protection Plans, their purpose, vision and goals and the 2023 update process for Boulder County's CWPP and opportunities for public input.

Wildfire Risk Assessment Open House

February 6, 6-8 PM

Louisville Recreation & Senior Center
(900 W Via Appia Way, Louisville, CO)
and remote via Zoom

Learn about Louisville's Wildfire Risk Assessment, which seeks to identify hazards and risks and the development of mitigation opportunities for public lands, and share your feedback.

Emergency Preparedness & Notifications

February 13, 6-8 PM

Louisville Recreation & Senior Center
(900 W Via Appia Way, Louisville, CO)
and remote via Zoom

Hear from experts on how to prepare for future emergencies and learn about Boulder County's emergency notification systems and what recommendations from the Marshall Fire After-Action Report are in process.

Reducing Risk at Your Home

February 27, 6-8 PM

Louisville Recreation & Senior Center
(900 W Via Appia Way, Louisville, CO)
and remote via Zoom

Hear from experts on what homeowners can do to reduce risk on their property and the greater community from wildland fire, including improving building performance, home hardening, landscaping and available resources.

Lessons Learned from the Marshall Fire

TBD

Date and location TBD
Visit website for details.

Hear from experts on the Marshall Fire Facilitated Learning Analysis and lessons learned related to weather/atmospheric conditions, fire behavior, agency coordination and communication, evacuations and mobilization of resources.

Wildfire Risk Assessment Next Steps

July 2023

Date and location TBD
Visit website for details.

Learn about Louisville's Wildfire Risk Assessment, which seeks to identify hazards and risks and the development of mitigation opportunities for public lands, and state/regional/local plans for next steps.

The City of Louisville in coordination with the Town of Superior, Boulder County, other partners, and the community is undertaking action and education to mitigate risk and build resiliency for future disasters. The community is invited to attend a series of six outreach programs.

Additional programs may be added to the schedule. Programs will be held in-person with a virtual option. Interested in other topics? Let us know by submitting a form on the website. For more details and Zoom links visit LouisvilleCO.gov/ResilientLouisville

Stay Alert & Be Prepared

Sign up for Emergency Alerts

The Boulder County Sheriff's Office and Louisville Police Department use Everbridge to notify residents about emergencies, such as imminent threats to health and safety. This can include the need to evacuate due to wildfire, or to take other appropriate actions due to flash flood or other critical police activity.

Alerts can be received by cell, home and work phones, and by text message and/or email. If you don't sign up, you will only receive an emergency notification on your traditional landline home phone (if you have one). These notifications can take longer depending on call volume.

- ☒ **NATURAL DISASTER ALERTS**
- ☒ **EVACUATIONS**
- ☒ **SHELTER IN PLACE**
- ☒ **PUBLIC SAFETY NOTIFICATIONS**
- ☒ **ALL CLEAR**

SIGN UP

The City has taken steps to prepare for future disasters by developing pre-determined zones across Louisville that can be linked to Everbridge. This system will allow Police and Fire to activate alerts more quickly and precisely in the event of an emergency. But we can't reach you with this critical information unless you sign up for emergency alerts!

Learn more about other notifications like Wireless Emergency Alerts and steps you can take to be better prepared for a disaster by visiting LouisvilleCO.gov/StayAlertBePrepared.
